得分

Part I: English-Chinese Translation (6*5 = 30 points)

Directions: Translate the following five English sentences into Chinese.

*Write your answers on the **Answer Sheet**.*

1. The advent of robust inhuman A.I. may let us achieve another disenchantment, one that should enable a more reality-based understanding of ourselves, our situation, and a fuller and more complex understanding of what “intelligence” is and is not.
2. A rise in the Mediterranean sea level and sudden submersion caused by earthquake, or climate changes, could explain the annihilation of the cities, he said.
3. A recent discovery by the Mars Global Surveyor spacecraft of large areas of magnetic materials on Mars indicates that the planet once had a magnetic field, much like Earth does today.
4. The great difficulty of introducing radically new computer architectures which requires customers to rewrite most of their software excluded the possibility for these techniques to find their way to the commercial marketplace.
5. Manufacturing processes may be classified as unit production with small quantities being made and mass production with large numbers of identical parts being produced.

3. 最近的调查显示，将科学转化为生产力的速度还不令人满意。
4. 社会对人工智能有了越来越多的共识。
5. 必须树立尊重自然、顺应自然、保护自然的生态文明理念。

得分

Part III Revising (10 points)

Directions: Revise the following paragraph. Write your answers on the Answer Sheet.

For me personally, I am cognizant of a person's life is short. Some people think that it is a blessing to be indifferent, and to live a safe and comfortable life is the happiest thing. I don't disagree with that, but I don't recognize it. Maybe I am too young now, and I think that when I come into this world, I should try my best to live a strong life instead of a mediocre one. Therefore, my dream is to struggle out of my own world with my own efforts. Because I think it's only when I'm standing at a certain level that I'm capable of doing more of what I want to do, including caring for the people around me.

Part IV Writing (30 points)

A 22-year-old employee of the e-commerce platform Pinduoduo fell unconscious on her way home from work at 1:30 am on Dec 29 and later died in hospital. Although the cause of Zhang's death has not been disclosed, many believe that the overwork culture might have played a role, thus sparking renewed discussions on tech companies' 996 work schedule.

Directions: For this part, please write an essay on the topic "Is it time to abandon the overwork culture?" You should write at least 150 words. Write your answers on the Answer Sheet.
